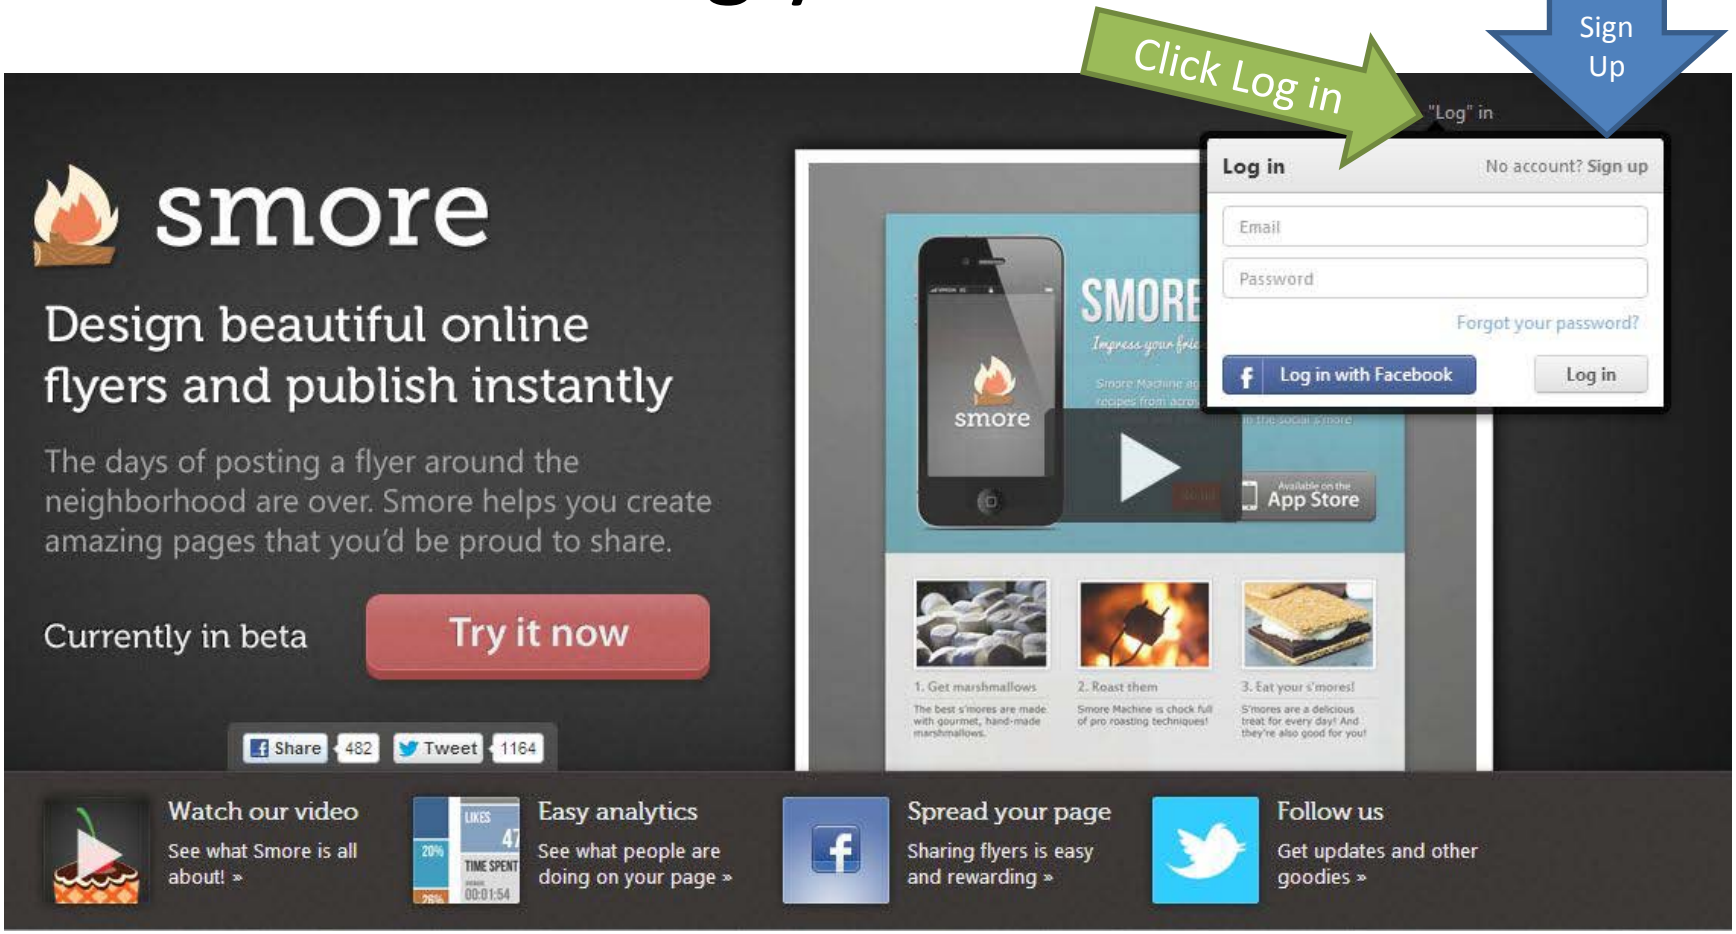
Creating your account



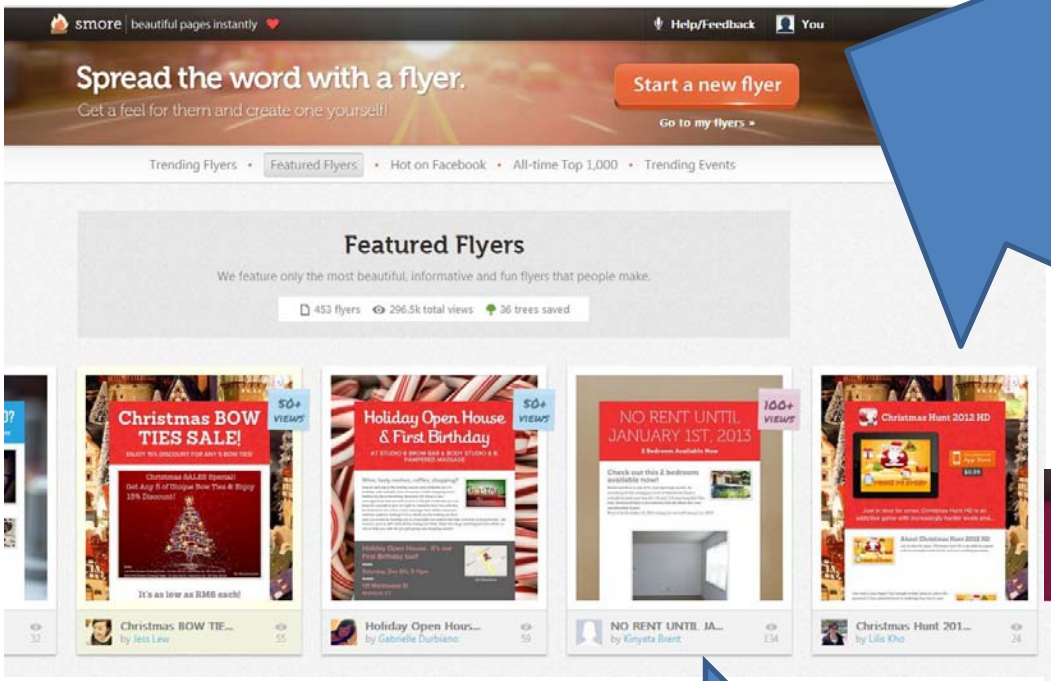
"Try it now" will also open the account creation area.

Creating your account continued

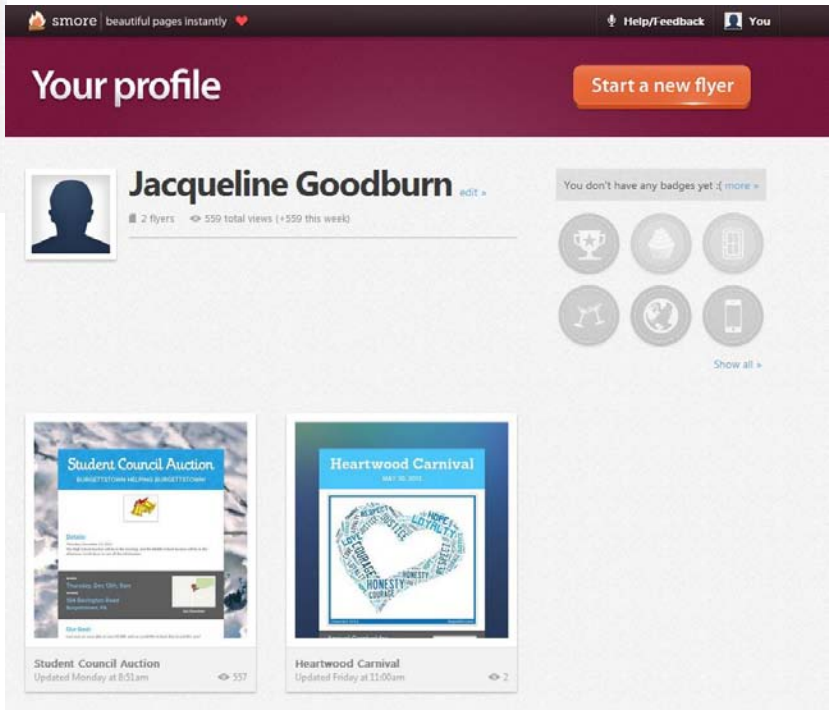
Creating your account continued

You will not need to confirm the email address, and you should be able to work immediately.

Accessing your saved flyers

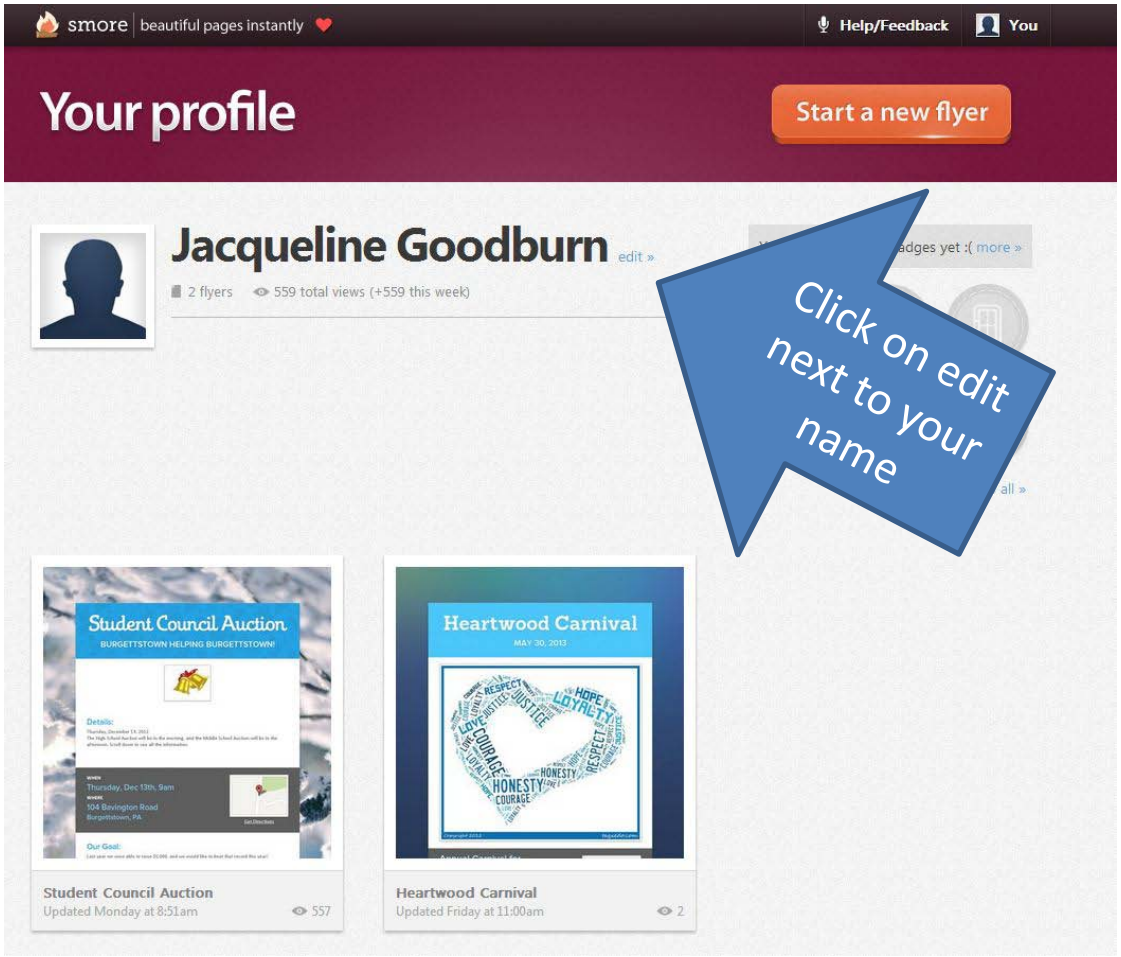


Click on "You"

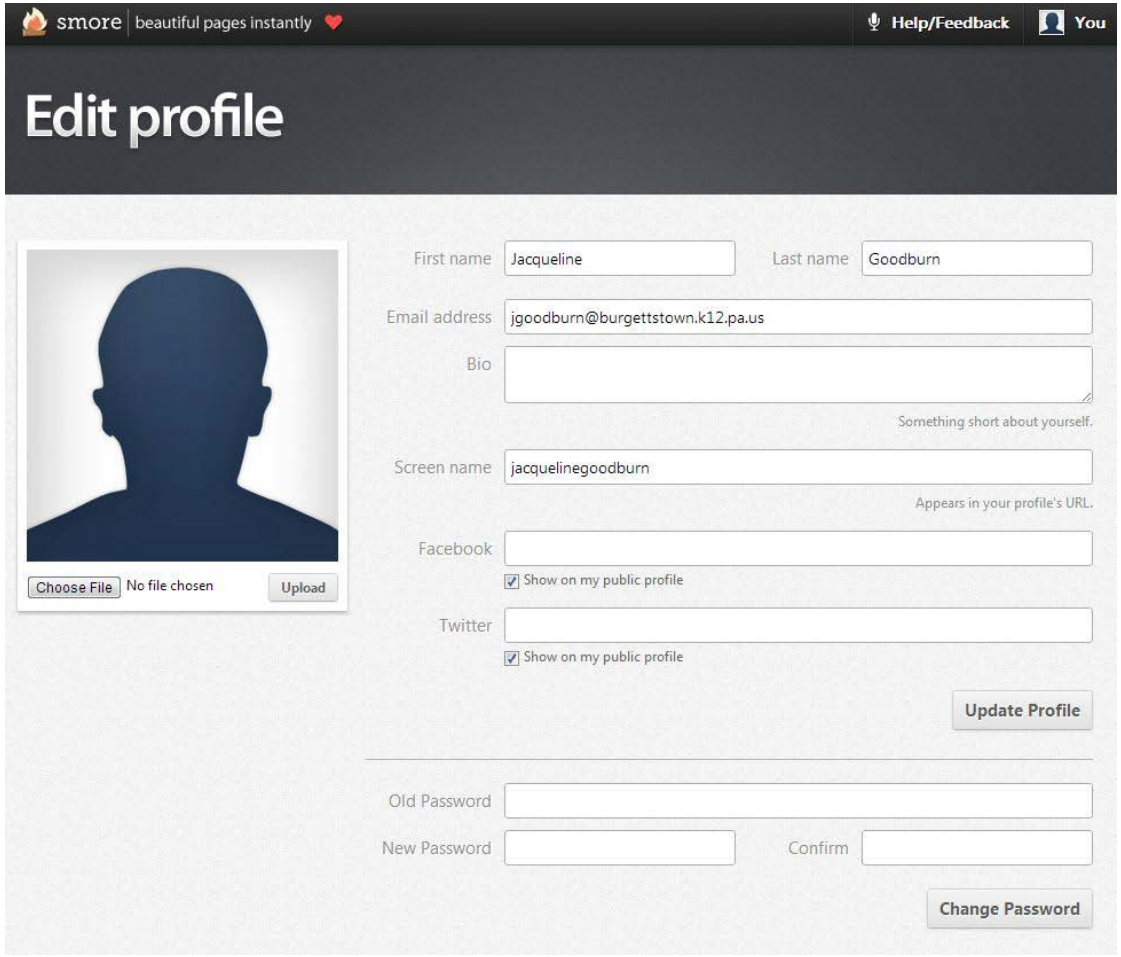


Then you will be presented with the flyers you have saved.

Accessing your profile

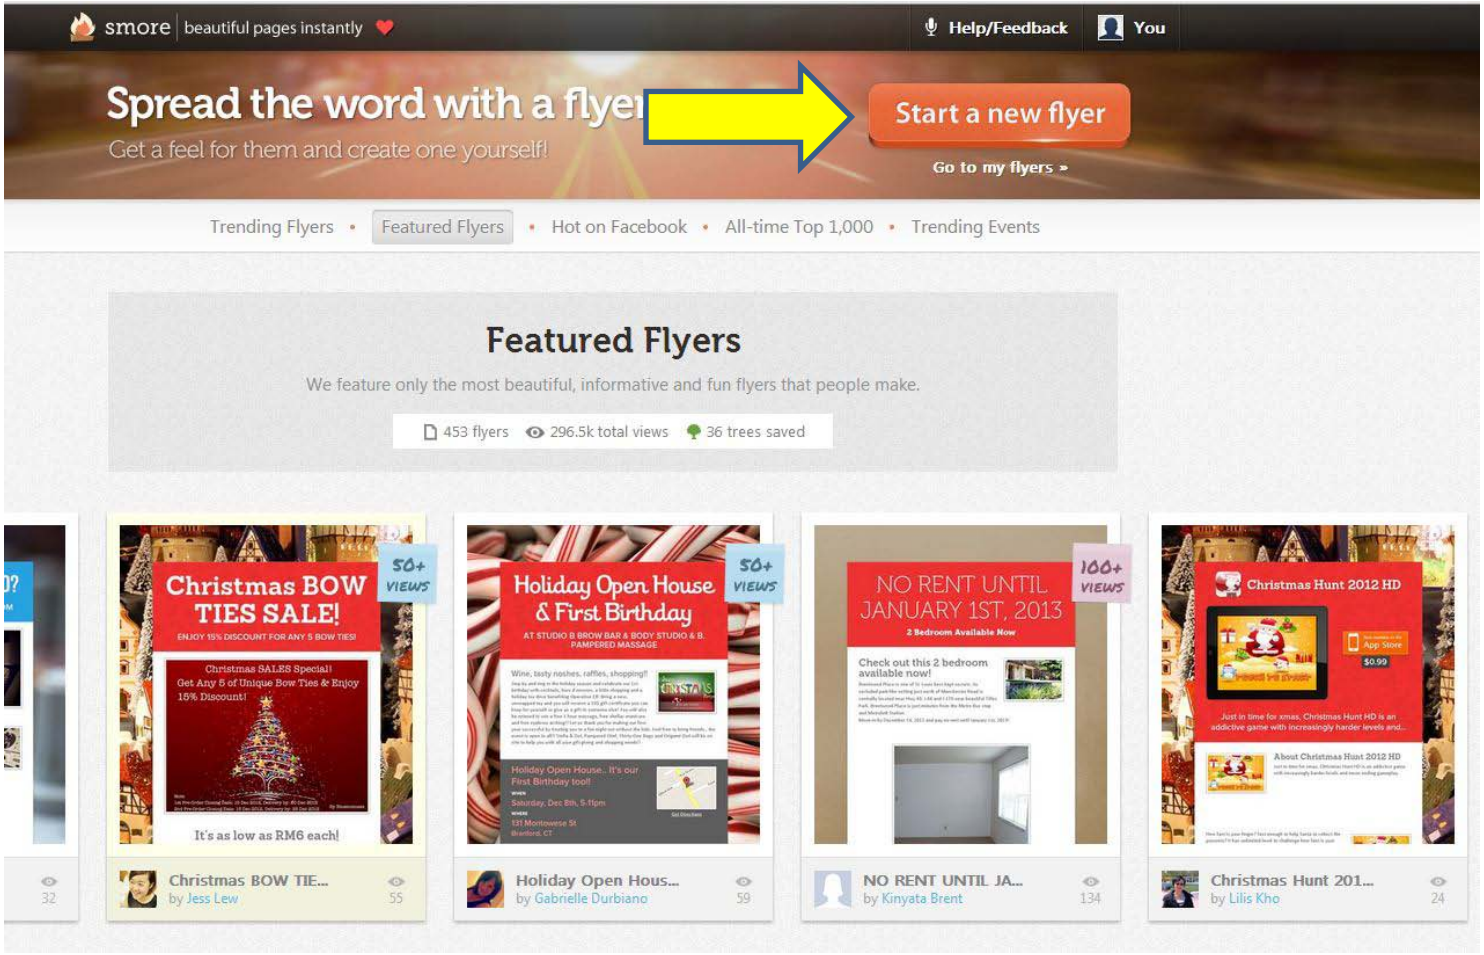


Adding profile image, changing your password, etc. You will see this screen when you click on “edit”.

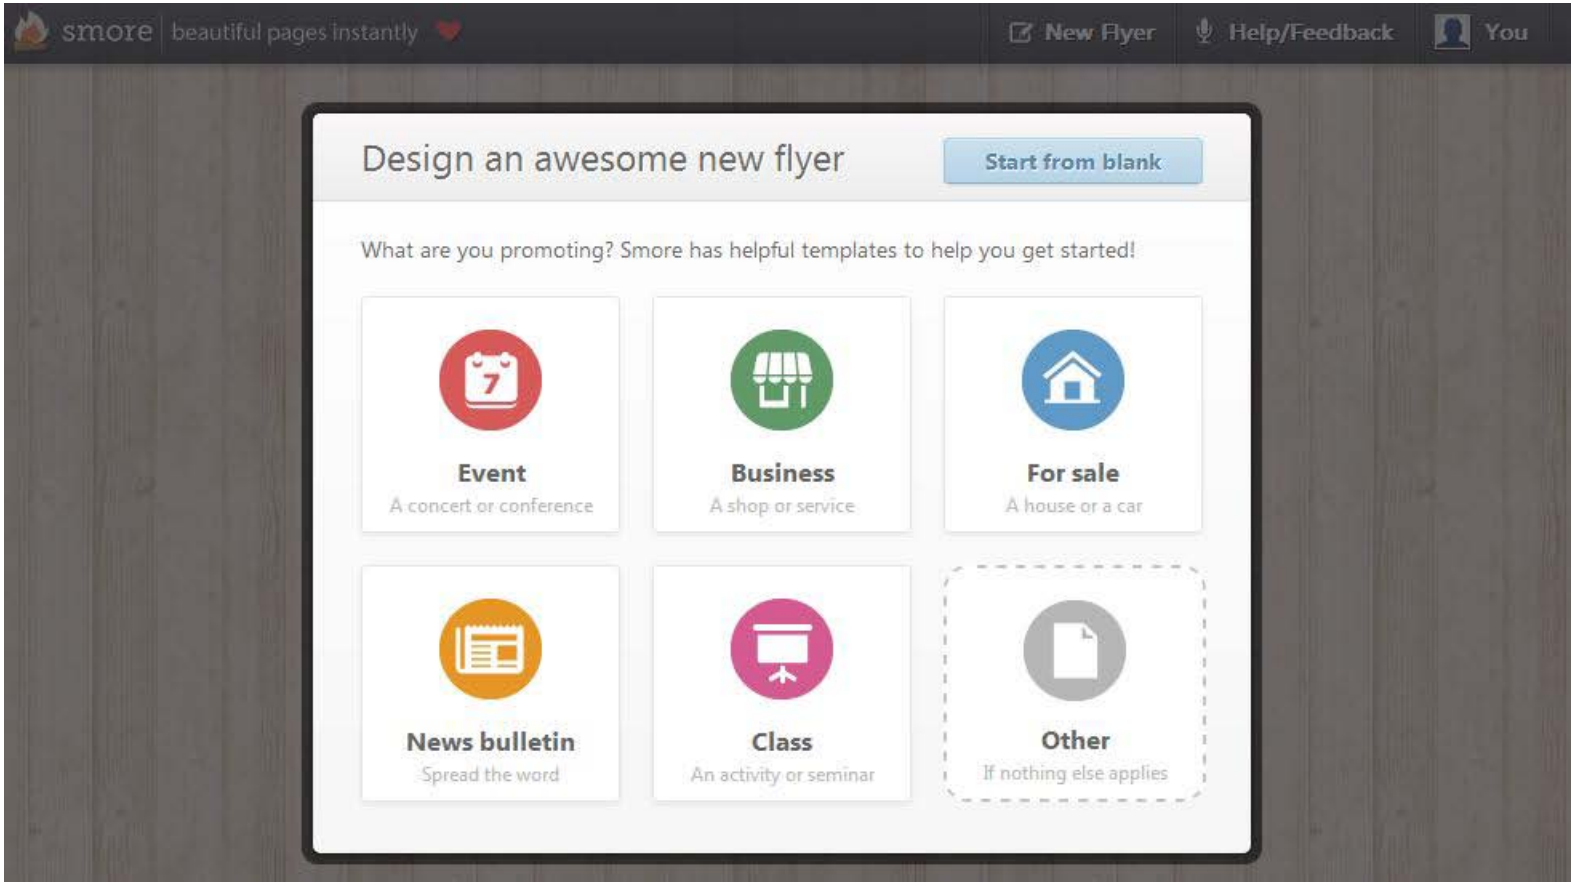


Click ‘update profile’ or ‘change password’ when you are finished.

Making a new flyer

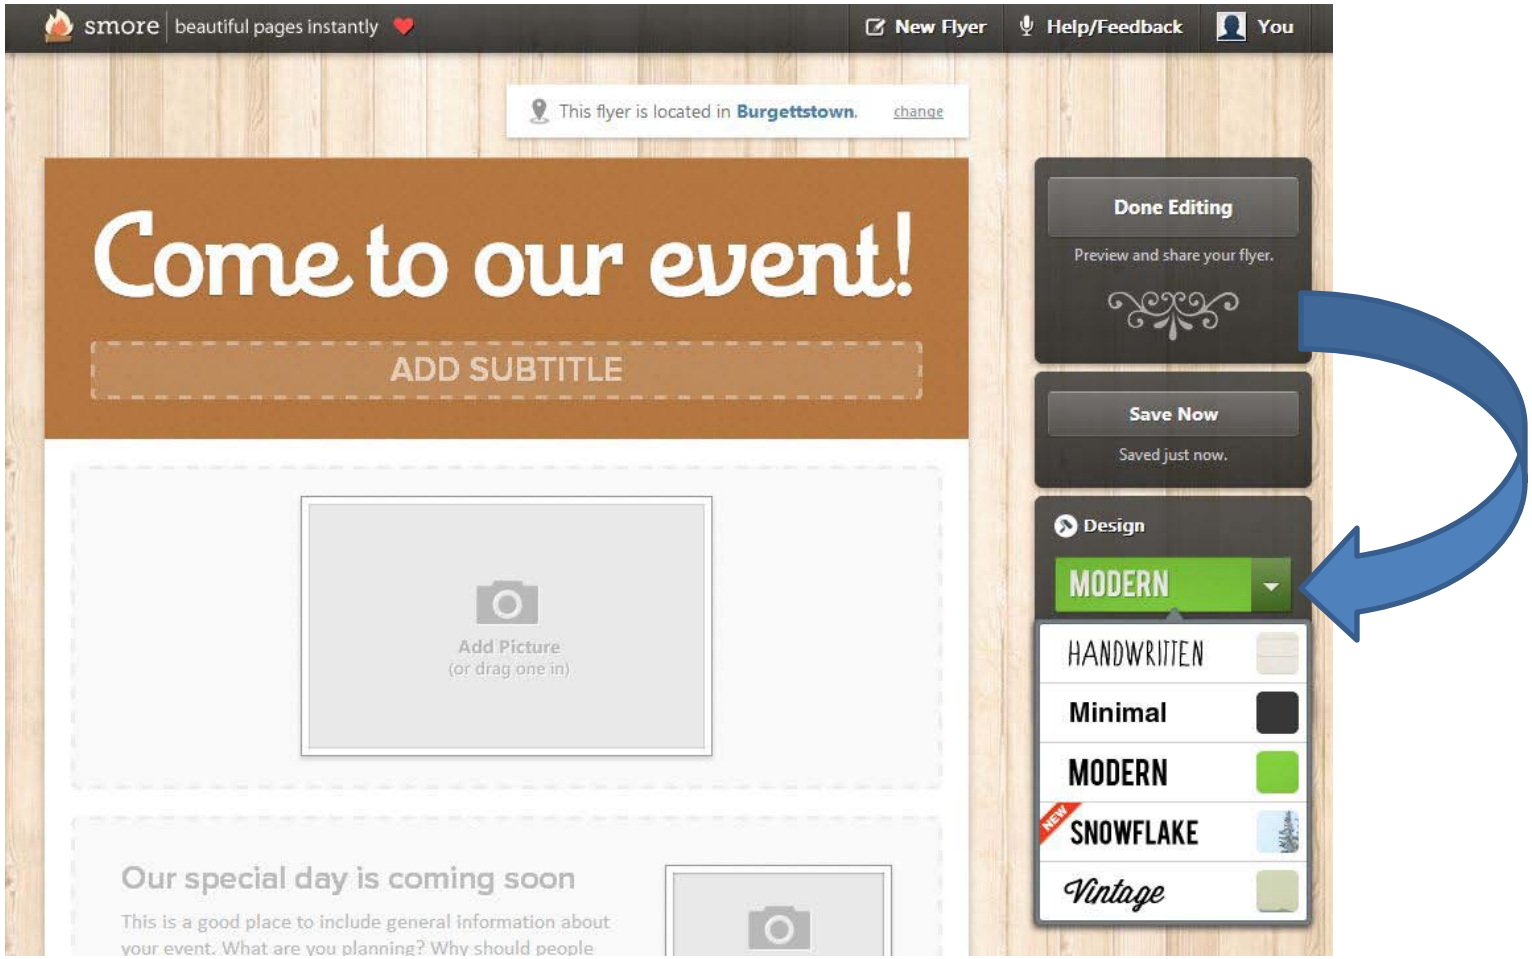


Choose a template or start from blank

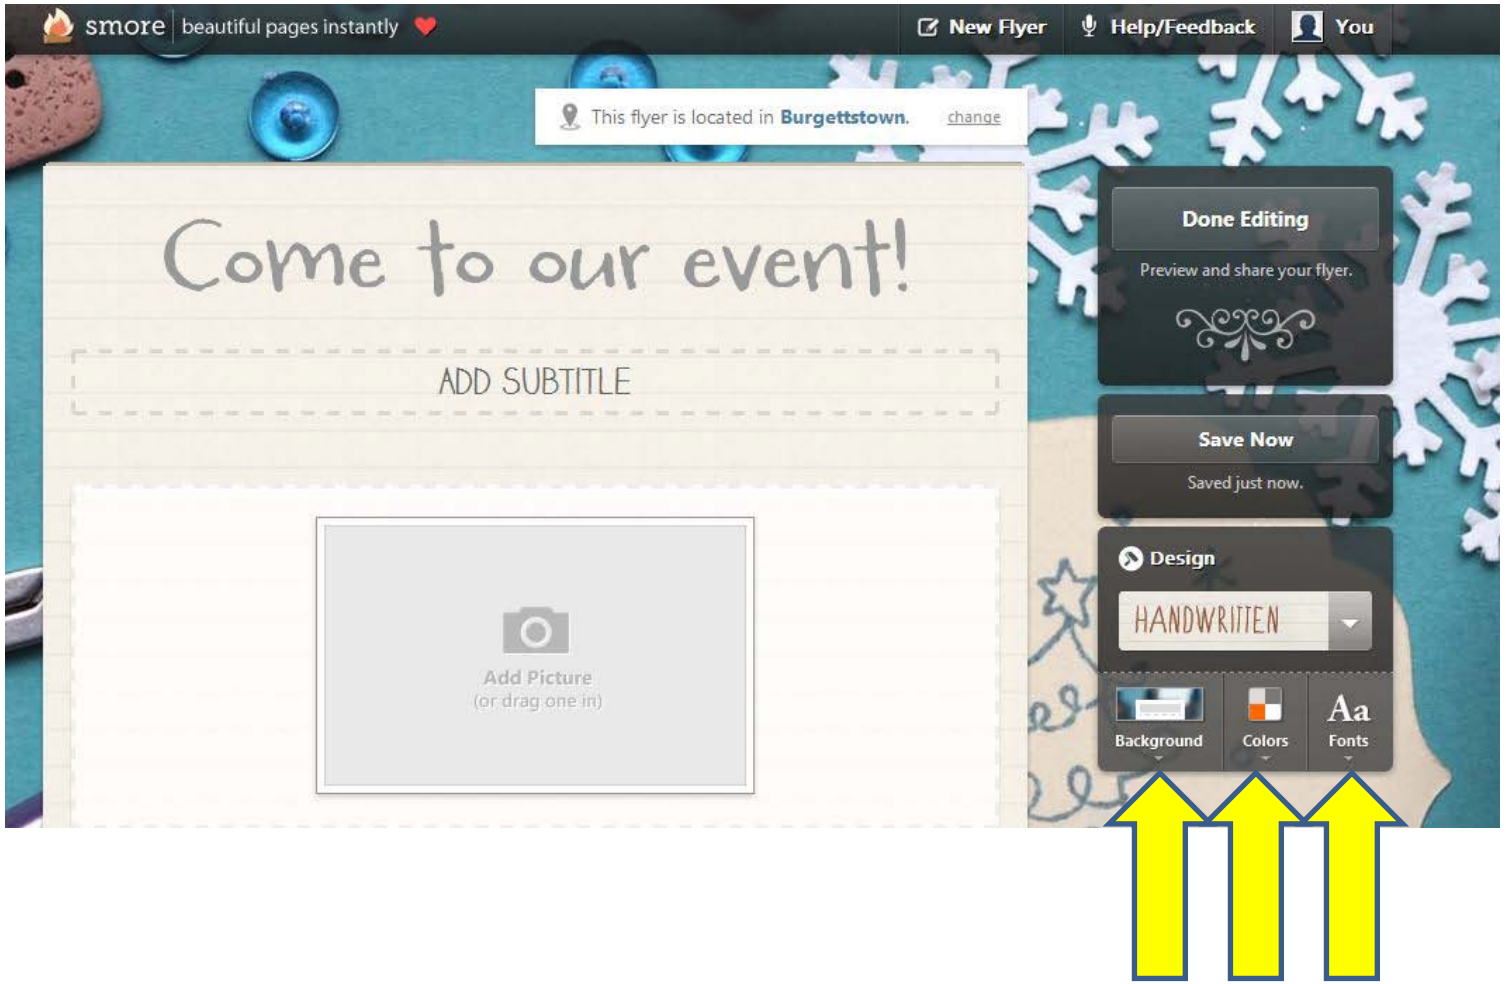


If you choose a template, you can add or delete segments if you wish.

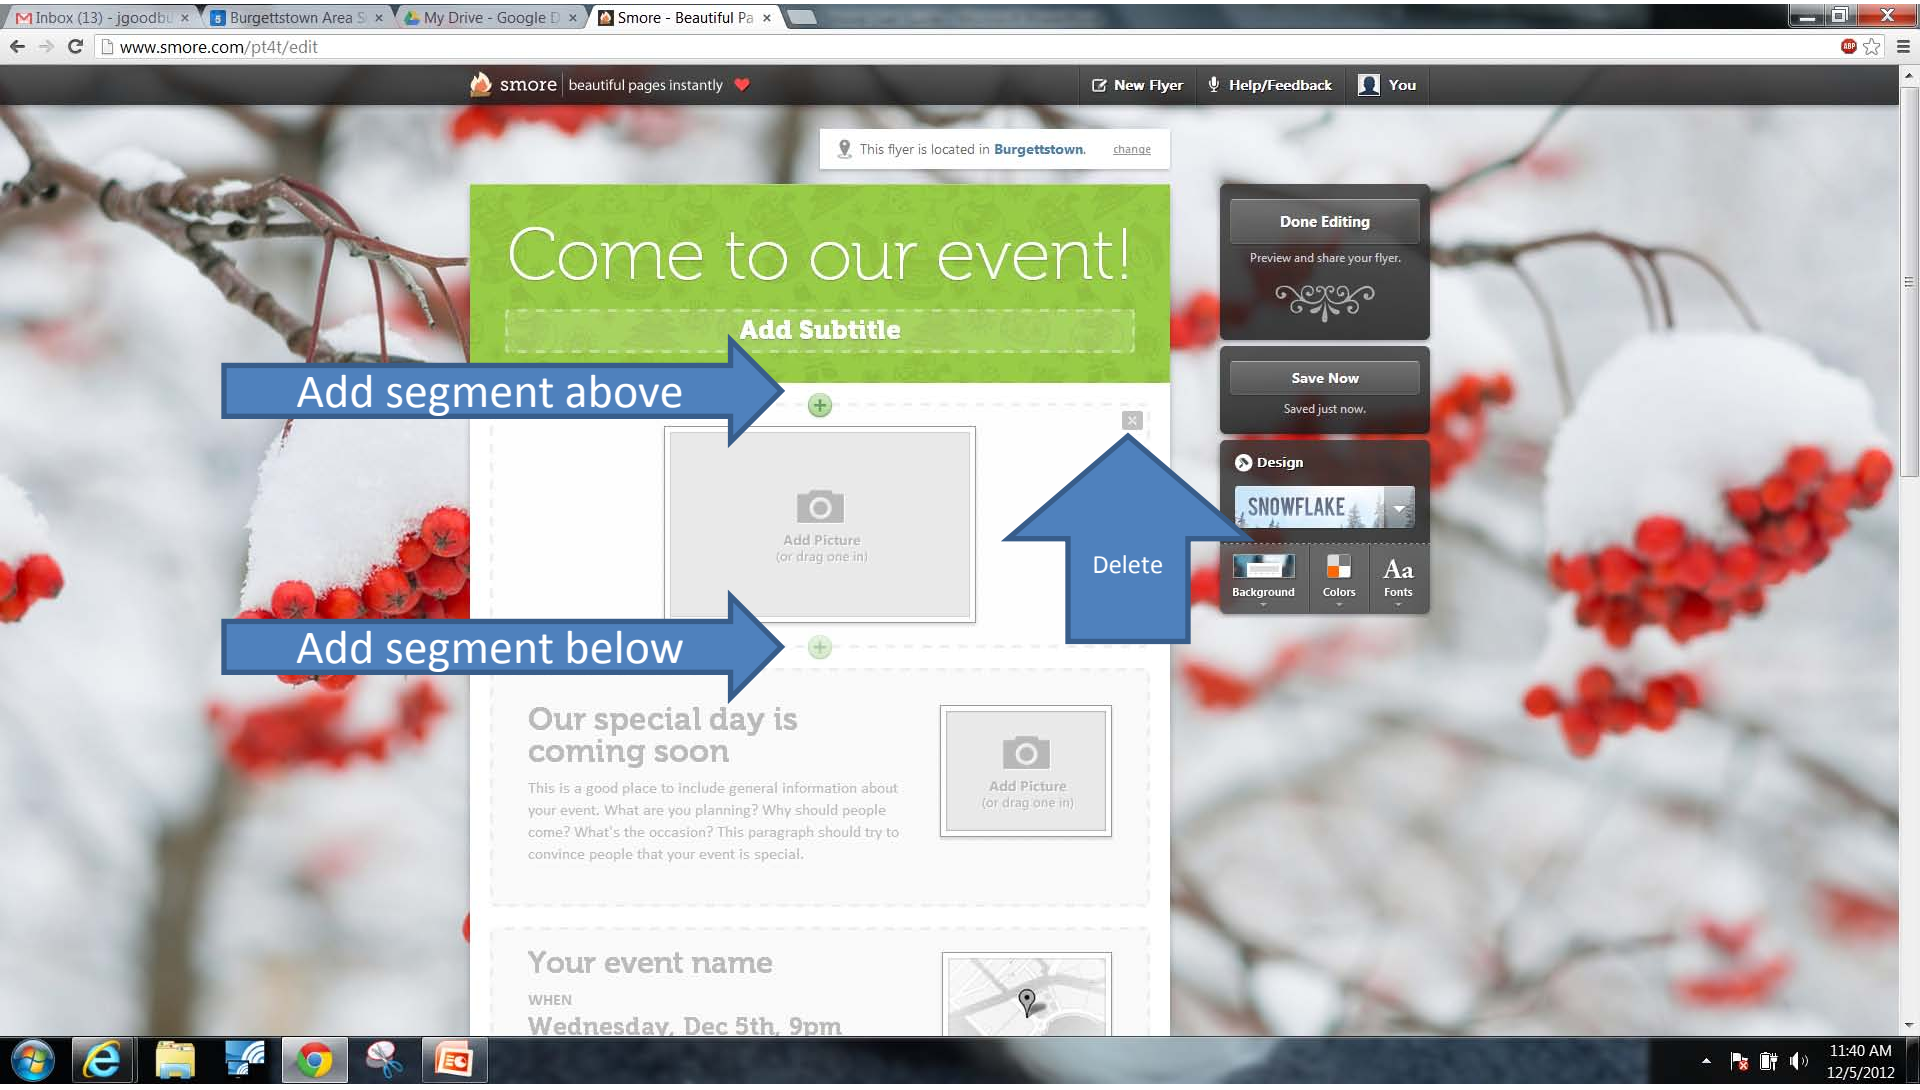
Give it a title and Choose a Design



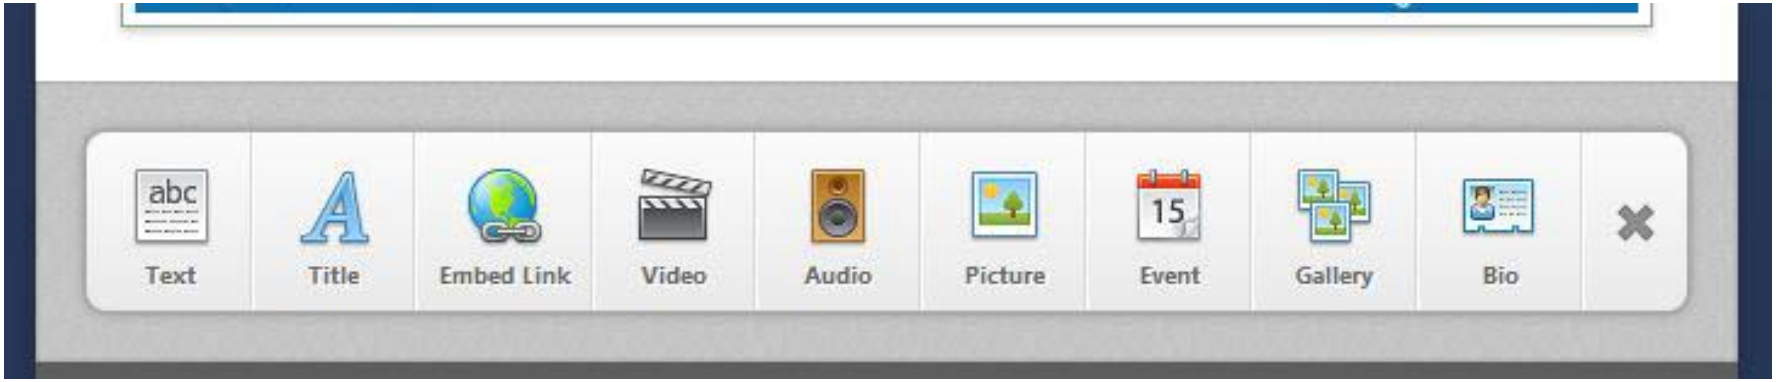
Once you choose a design, you can then choose a background, colors, and fonts



Look for the Plus sign to add, and the X to delete

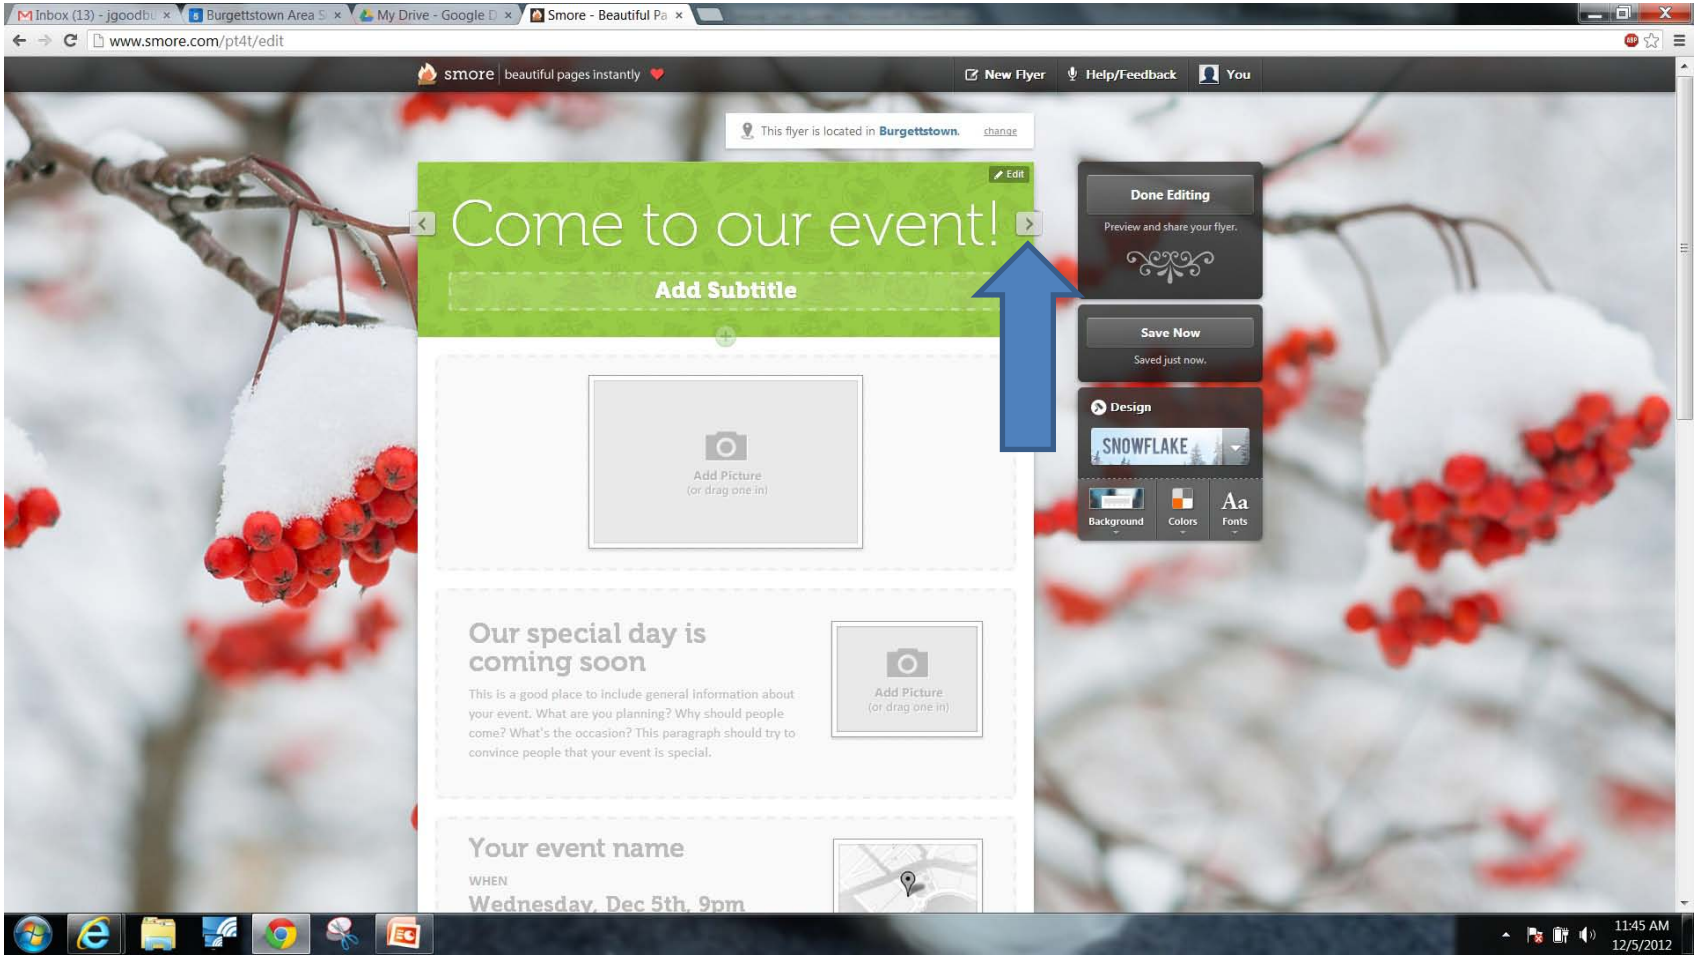


Adding content

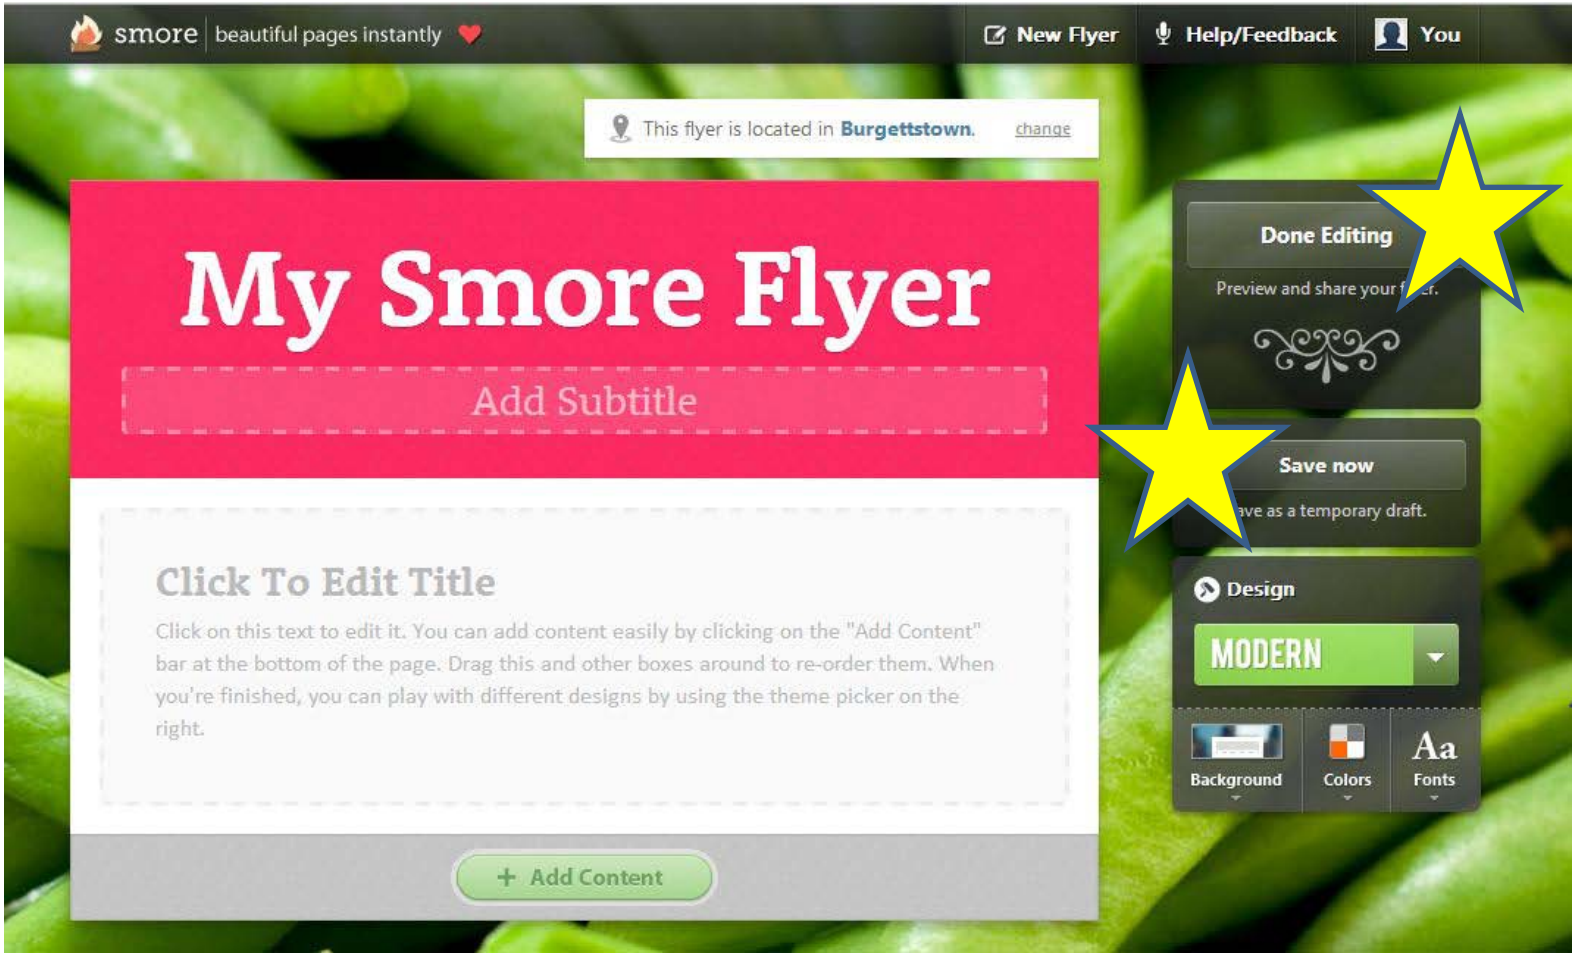


- Add URLs using “Embed Link”
- Video URLs from YouTube, Vimeo, and Viddler are supported
- Events are like calendar entries
- You can use pictures from your computer
- The gallery choice is for multiple pictures in the same segment

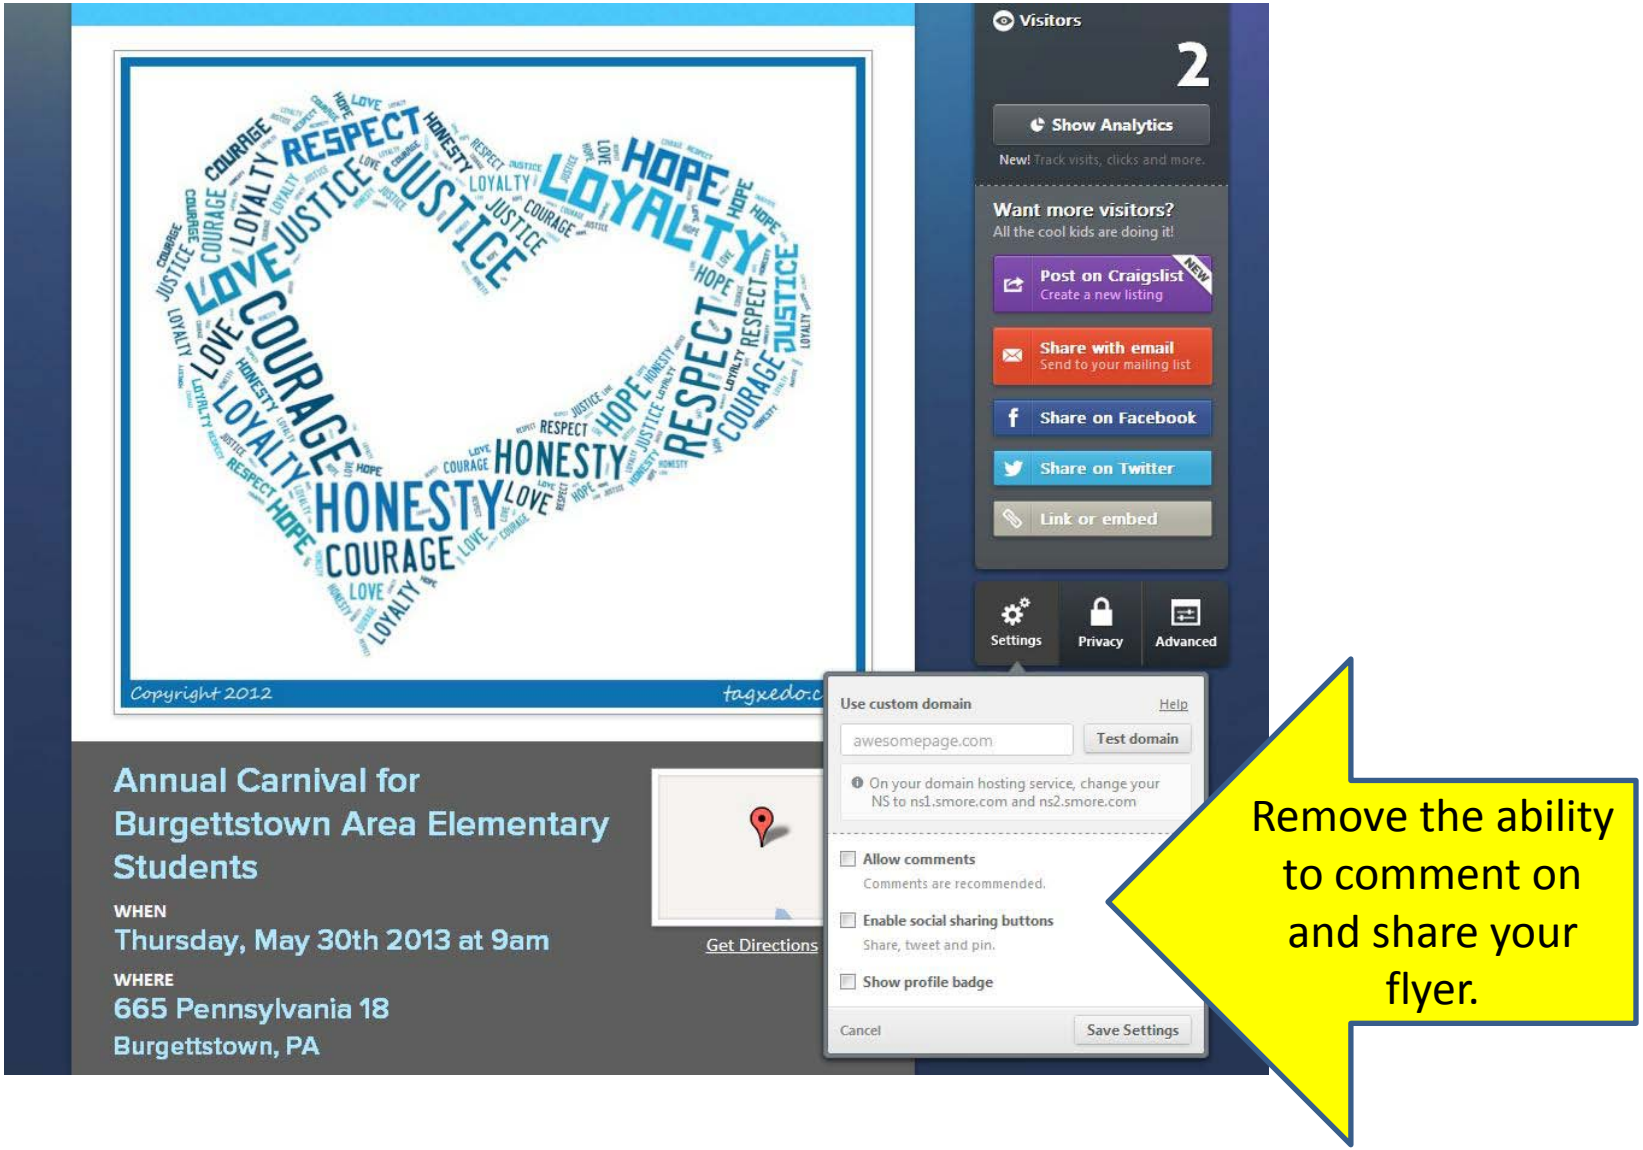
Look for an arrow to show you other options



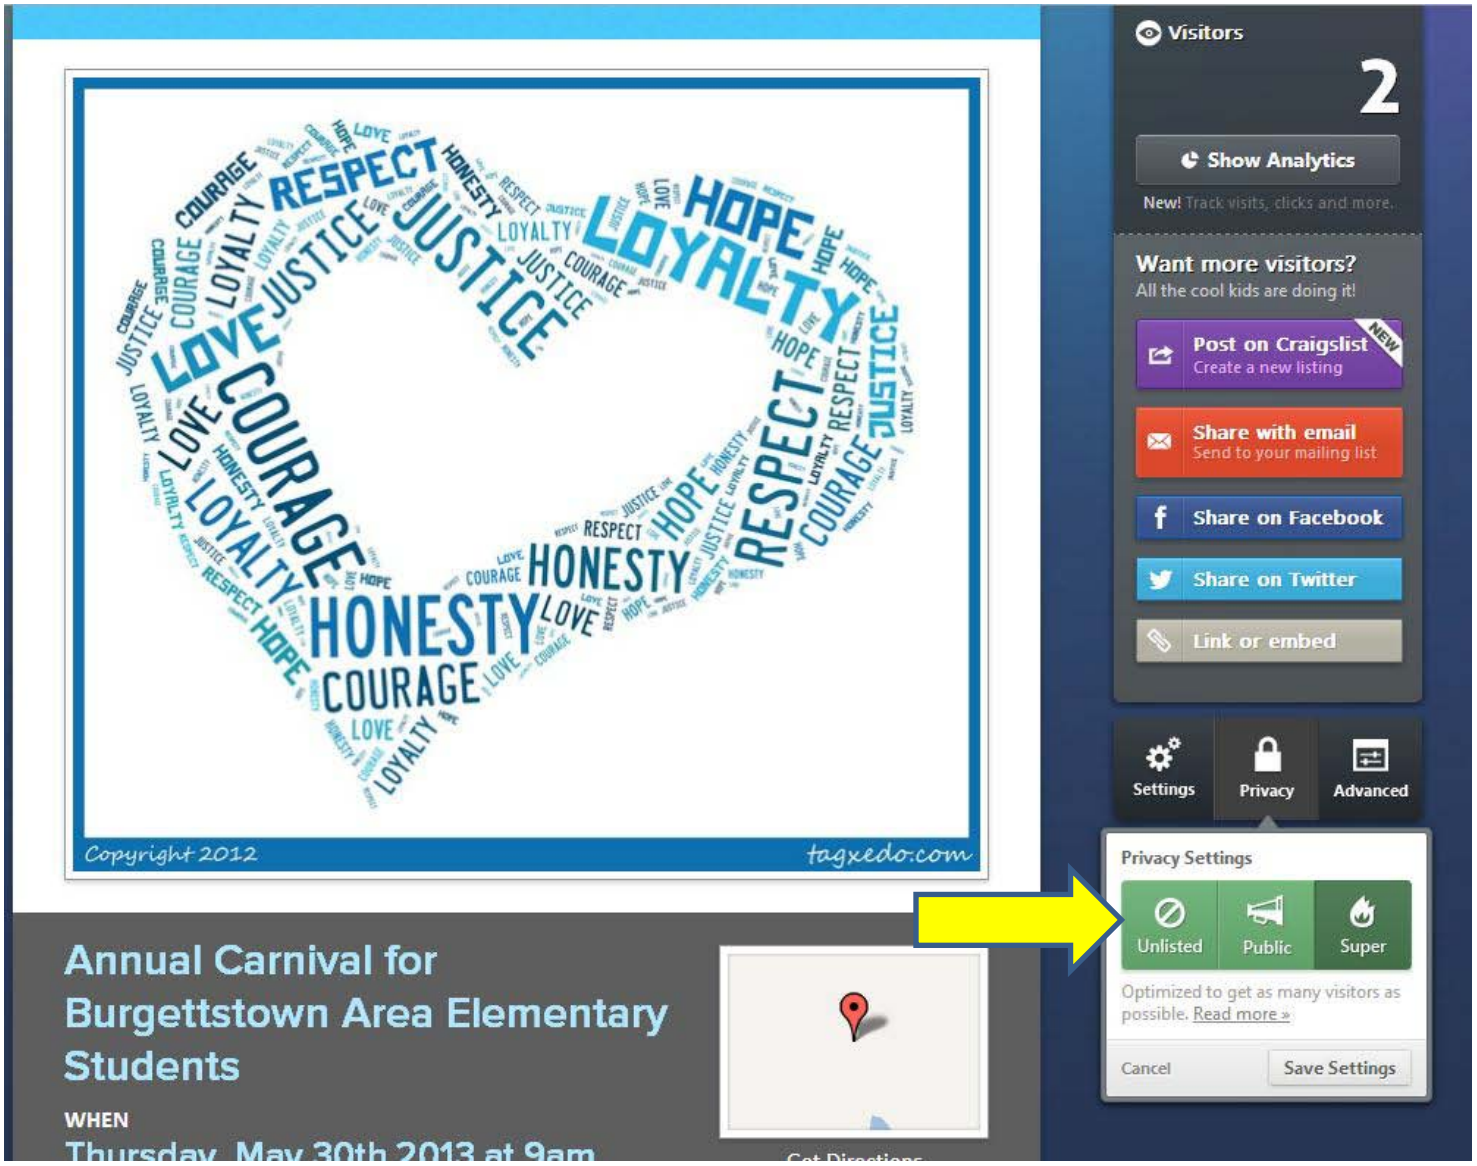
Saving, Finishing your Flyer



Recommended Settings

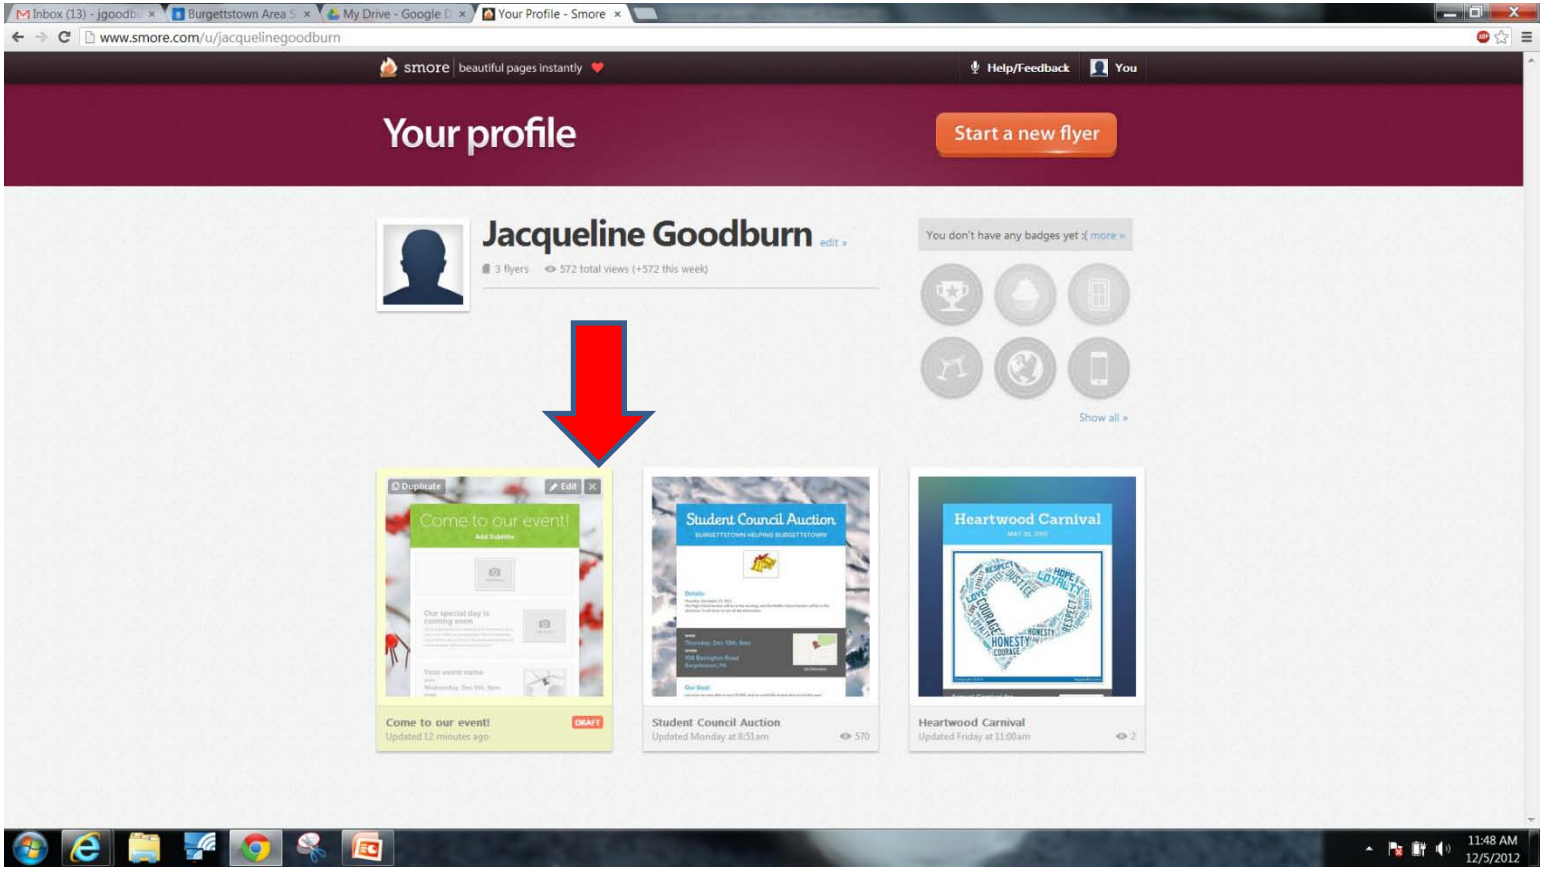


Privacy Settings



If you want to delete a flyer

- Click on “You” and hover over the flyer image
- Click the “X”



Sharing your flyer

Tips

- Log out by click on “You” and then Log out
- These directions also worked in Internet Explorer (I am using IE9)
